Newsletter - 09.03.2018

This Week

This week the children have been learning about spring. They have completed a spring walk looking at the different plants and learning the names. They have done observational paintings of flowers, learning different techniques. Some children have been making perfume with flower petals and water. The children have also been investigating with different herbs using their senses.

We have started to learn about wild animals which we will be continuing next week.

In forest school, the children learnt how to use a pyrography pen tool. They used it to write their initial on a plank of wood.

WORLD BOOK DAY

The children looked fantastic in their costumes. They have been telling their key person all about their favourite book and drawn a picture.

The children have bought home a book token. Details of how and where to spend it are on the token.

Gardening Project - 'Growing Communities' Session

Apologies for the incorrect date on the last newsletter. The date of the next session is **TUESDAY 20TH MARCH.**

WOW Book

WOW Book Challenge: can you tell someone about your favourite story and draw a picture?

Attendance

The winners for the best attendance last week were the Caterpillars with 97%. Well done to the Caterpillar group.

Cardboard Cylinders Request

Next week the children are making binoculars in forest school. Please could you bring into nursery any cardboard tubes/cylinders that you have?

Please see on the next page details about some free adult courses.
